

JANUARY 12, 2018
NOTICE OF FUNDING #1

The Monadnock Region Coordinating Council for Community Transportation (MRCC) announces the availability of Federal Transit Administration Section 5310 “Enhanced Mobility of Seniors & Individuals with Disabilities” funds. These funds are allocated statewide by formula distribution to nine different regional coordinating councils in New Hampshire. The total funding available for the MRCC region (Cheshire County and 10 western Hillsborough County towns) is \$51,631. More information about this funding opportunity is available in the NH Department of Transportation materials attached to this notice.

The funds being made available under this solicitation are comprised of New Hampshire FFY2017 and FFY2018 apportioned FTA Section 5310 funds. The funds will be awarded to a single Lead Agency approved by the MRCC. The Lead Agency can apply on their own or work with other partners, such as a mobility manager, in proposing a scope of work. Applicants must be MRCC members to qualify for funding. Information about current members and the process for applying for membership can be obtained by contacting Southwest Region Planning Commission staff (contact information is below).

The following project types are eligible for the Section 5310 funds:

- **Capital/mobility management projects** – 80% Federal/20% non-federal match
- **Operating expenses** – 50% Federal/50% non-federal match

More details about the application process, priority projects, timeline and scoring criteria will be released in a **Notice of Funding #2**, following the MRCC Executive Committee meeting on January 16, 2018 at 9:00 a.m. at 37 Ashuelot Street in Keene, NH.
